

2021-22 JADE Academy Classes

Our Academy classes are designed to directly instruct dancers ages 6 to 18 through the use of guided curriculum and technique that increases in difficulty during the year. These classes can be a great transition into our Graded Level Technique classes and offer our elementary, intermediate and teen students a chance to try a variety of styles within the same lesson time.

An emphasis on correct posture, a good warm-up and ultimately learning the technique for each subject in an engaging way is so important for the emerging dancer. Enrollment for the entire year brings lots of opportunities to learn choreography and to perform in public.

Class sizes are strictly limited in order to provide the best atmosphere for your dancer according to his/her age. We also pay close attention to what is developmentally appropriate for each age group, and our curriculum brings out their best while still having safe and reasonable expectations. A dancer's age for this season will be based on August 1st, 2021
